World Bank: Lebanon Country Climate and Development Report
On March 13, 2024, the World Bank issued a report stating that investments in key service sectors like energy, water, transport and solid waste are urgently needed in the short-term to mitigate the impact of climate change on Lebanon’s development path. The Lebanon Country Climate and Development Report (CCDR) maps out mounting climate risks to Lebanon and their potential impact on the country’s growth and development path. Building on quantitative modeling-based analytics, existing research and country diagnostics, and stakeholder consultations, the CCDR examines four sectors – Energy, Water, Transport and Solid Waste – as key pillars of a climate-responsive recovery.

Israeli tank strike killed ‘clearly identifiable’ Reuters reporter - UN report
On March 13, 2024, Reuters reported that according to a U.N. investigation an Israeli tank killed Reuters reporter Issam Abdallah in Lebanon last year by firing two 120 mm rounds at a group of "clearly identifiable journalists" in violation of international law. The investigation by the United Nations Interim Force in Lebanon (UNIFIL), said its personnel did not record any exchange of fire across the border between Israel and Lebanon for more than 40 minutes before the Israeli Merkava tank opened fire. Israel Defense Forces (IDF) spokesperson Nir Dinar said Hezbollah had attacked the IDF near the Israeli community of Hanita on Oct. 13. It responded with artillery and tank fire to remove the threat and subsequently received a report that journalists had been injured.
